10th Annual NCGLNAC Summer Cultural Arts Classes

The 10th Annual NCGLNAC Summer Cultural Arts Classes were held at the Women's Building of the Jay County Fairgrounds July 31 through August 4. *The classes were made possible in part with support of the Indiana Arts Commission, and the National Endowment for the Arts, a federal agency.*

Adult classes held included the week-long Bowmaking Class taught by Rex Marshall, and the following 2 ½ day long classes: Personal Hand Drum taught by Tony Showa, Sweet Grass Weaving taught by Tina Burns, Center Seam Moccasins taught by Paula Butcher, the Beaded Turtle Pins and Beaded and Quilled Earrings Classes taught by Katrina Mitten, Turkey Wing Feather Dance Fans taught by Lawrence Norcross, and the Great Lakes Native American Culture Class which included a Tuesday afternoon field trip to the Museum and Battlefield at Fort Recovery, Ohio, a Wednesday session on the Shawnee people taught by Sara Wagar and a Thursday session on the Miami people taught by John Dunnagan.

The classes for children ages 6 and up were also very popular. Boni Nelson taught the classes for the first three days. On Sunday, the children learned about copper, bone and shell; Monday's class learned about Native music; and Tuesday's class learned porcupine quillwork and beadwork. Monday's class treated all the summer class participants to a musical concert sung in Native tongue and played by Native instruments. Paula Butcher's classes on Wednesday and Thursday taught the children how to make clay beads; they made very nice bone and glass bead chokers; and learned about the Moundbuilders in Indiana and Ohio, including learning how to throw an atlatl.

Thanks to a grant from the Old National Bank Foundation and scholarship donations from NCGLNAC members Larry and Zoetta Carlson, Jerry and Kay Neumayr and Claude Miller, NCGLNAC was able to award 20 partial scholarships totaling \$684 for children, youth and adults to attend the summer classes. Scholarship awards ranged from \$7 for a one-day children's class to \$40 for a 2 ½ day class. The scholarships enabled 39 attendances in the one-day children's classes alone. Thank you so much for giving NCGLNAC the opportunity to share learning about the Great Lakes Native Americans to people of all ages.

Arts Place, Inc. Resigns

Effective June 30, 2011, Arts Place, Inc. in Portland has resigned as the Region 5 Partner for the Indiana Arts Commission. For many years Arts Place had been the Regional Partner, very capably overseeing the myriad tasks and duties associated with the Indiana Arts Commission in Region 5, a twelve county area of east central Indiana. NCGLNAC will greatly miss our close association with Arts Place and Eric Rogers, Sue Burk and Heidi Bouse in the Indiana Arts Commission Arts Project Support grant program.

Poem Give-Away

Ruth Merrifield has given permission for us to share the beautiful poem she wrote for the Give-Away at the 2011 Summer Classes.

Reunion 2011

My people, why do you come to this place?

It is certainly not for the ambience of
A concrete floor and florescent lighting.
Nor is it for the pleasure of sitting
Long hours on metal folding chairs.
Or sweltering outside in the intense
Heat of an Indiana summer.

My people, you grey-haired grandmothers
And grandfathers gifted with the wisdom
Of life-long experiences having
Walked upon the earth many years.
Do you bring visions to be shared?

My people, you teaching elders, to whom
The Creator has given skills for
Creating beauty and the functional
Artifacts for survival. It is through
You that traditions are learned.
Do you feel the nudging of the Great
Spirit to continually seek that which
Was nearly lost? To Enable this
Gathering to become richer in knowledge?

My people, you come seeking the
Knowledge of the grandparents and
Teaching elders to enrich your lives;
Do you also come to sit in an
Atmosphere of laughter and compassion?
You know that to sit with old friends
And to develop new ones, to spend time
In one another's presence is a Gift.

My people, my family,
We come for one another.

Mariemont Serpent Mound

Using modern technology, University of Cincinnati anthropologist Ken Tankersley has identified the remnants of a 2,952 feet long serpent mound along Mariemont's Miami Bluff Drive and the Little Miami River. Mariemont is a southeast Cincinnati, Ohio community. The mound is more than twice the length of the Great Serpent Mound in Adams County, Ohio. Part of the mound is about 7 feet high which is

close to the original height of the entire earthwork. Tankersley believes the serpent mound was built by women of the Fort Ancient people as a symbolic landmark and as a way to channel water down to the former Indian village discovered in 1879 by Dr. Charles Metz and known as the Madisonville site. According to Tankersley, Metz knew the earthwork was there but had no idea of its geometry. It abuts the Madisonville site and is listed on the National Register of Historic Places as the Mariemont earthwork. The serpent was a clan symbol. Snakes were associated with water and the serpent mounds were built as monuments. The Mariemont serpent mound is aligned with the setting sun most likely because of the belief that a beast called the Great Horned Serpent would eat the sun. The Shawnee regarded snakes as powerful symbols and were among the Fort Ancient people who lived in the Mariemont village.

The Real First Thanksgiving

Long before any Europeans arrived in what they called the New World, the Native inhabitants celebrated many feasts of thanks. In December of 1620 the Mayflower with 102 Puritans aboard, landed on the shores of what is now Massachusetts. They built their colony on the ruins of the Native village of Pawtuxet which had been destroyed by the 1605 expedition of George Weymouth. When Weymouth left in 1614 he took 24 Natives as slaves, including Tisquantum, and left unspeakable diseases. The Puritans survived by stealing the food stores of neighboring Native summer villages and the corn that was growing wild in the abandoned fields near the ruined village. With the help of Tisquantum and the Wampanoag people, 56 Puritans survived that first winter and were taught how to live and make a good harvest. Governor Bradford invited only Massasoit to the feast. He brought about 90 Natives and most of the food.

Jay County Fairgrounds, Portland, Indiana

On October 22, during the NCGLNAC Fall Friendship Fire Celebration, Robin McBride Scott (Cherokee descent) will teach a class for ages 8 and up how to make paddle-stamped coiled pottery. About NCGLNAC

The National Center for Great Lakes Native American Culture, Inc. was formed as a not-for-profit 501(c)3 educational organization. The Center is composed of Native and non-Native members whose mission is to continue and preserve traditional Great Lakes Native American art, history and culture by helping pass those traditions on to Native People and by educating the general public about the importance of Great Lakes Native peoples, their art, history and culture.

The Center has no political agenda. Our focus is on education. We have seen far too many of our treasured elders and tradition bearers begin their Spirit Journey without knowing who would carry on in their place. Additionally, we know too many Native people who are displaced from their tribal land-base and separated from their traditional tribal cultures.

Over the past 16 years, the Center's tribal elders, tradition bearers and members have been presenting

at workshops, symposia, university classrooms, conferences, powwows, elementary schools, libraries and other cultural and educational events. We look forward to helping Native peoples, urban cultural centers, universities, public and private elementary and secondary schools, and the general public raise their awareness and understanding of the cultural heritage and history of Great Lakes Native peoples in an inviting, comfortable place with a friendly learning environment.

NCGLNAC now owns nearly 30 acres (generously donated by the Jay County Fair Board) of beautiful, wooded land, complete with grassland, pond and wetlands, located just north of the Jay County Fairgrounds in Portland. The first ethno-botanical hiking trail is nearing completion and was opened to the public in 2008.

If you would like to know more about NCGLNAC or receive membership information, please log on to our website at <http://www.ncglnac.org> or contact us at P.O. Box 1063, Portland, IN 47371.
